

SCIENTISTS PROVE WHY 'LIFE IS IN THE BLOOD'

It is increasingly hard to believe that the system of blood distribution in the human body could have accidentally come together over time through mutations. Mutations destroy things; they don't build things. All other complex systems are obviously put together by an intelligent mind. Nobody in their right mind believes that a Cadillac or the space shuttle appeared without someone thinking about it first.

Below are quotations from a new book by Yan T. Wee, *Darwin's Universe: Survival for Nothing*. In 273 pages, Wee covers most of the latest evidence contradicting the atheist/humanist/evolutionist worldview. One interesting section shows how recently discovered scientific facts seem to have been framed accurately in scripture.

"The Bible predicted that life is in the blood

COVID-19 HAS DECIMATED THE KINGDOM HALLS AND WATCHTOWER

BY DANIEL RODRIGUEZ

Jehovah's Witnesses are now on a letter-writing campaign in their efforts to proselytize. Perhaps you, or someone you know has received a letter. For almost two years, door-to-door proselytizing and Kingdom Hall meetings have been cancelled due to COVID-19.

Kingdom Halls are supported by individual donations. They do not believe in tithing; and with no meetings taking place, the Watchtower Society has decided to shut down Kingdom Halls to keep costs under control. Kingdom Halls by the hundreds are presently being sold on a global scale—to include Branch Offices and their massive printing facilities. Even their world headquarters in Brooklyn, New York was recently sold.

Even as the Catholic Church has

LIFE *From p.1*

an atonement for your souls: for it is the blood that maketh an atonement for the soul' (Leviticus 17:11). Blood is literally the life of the flesh as it provides oxygen and nutrients throughout the whole body. Without it, the creature will die.

"It is ironical that in 1799 President George Washington died because of a common but wrong medical practice of his day – bloodletting. It was believed then that some illnesses were caused by 'bad blood', and by cutting the veins to drain it out, the sick would be healed. If only George Washington had recognized that life is in the blood, he might have survived.

"It predicted there would be only one created couple from the beginning of time

"So God created man in his own image, in the image of God created he him; male and female created he them' (Genesis 1:27). All the women today can be traced back to a single woman whom the scientists call 'Mitochondrial Eve.' And all the men alive today came from a single man —the 'Y-Chromosomal Adam.' For the ladies, their lineage is traced through their mitochondrial DNA, which is passed down from mother to daughter. For the men, their connections

BABY BAPHOMET JOINS BABY JESUS IN ILLINOIS STATE HOUSE

This year, while protestors watched, members of the Satanic Temple of Illinois installed a "Christmas" display alongside baby Jesus in the state capitol in Springfield. A Temple press release stated, "This year's tradition marks a greater urgency in the Baphomet's message of harmony and reconciliation." To emphasize the "harmony," a "horror artist," Chris Andres, of Albuquerque, was engaged to design the infant Baphomet

See *Baby* p. 4

came from their Y-chromosomes, which is inherited solely from their fathers. And the first couple lived in the same era and were much younger than the evolutionary timeline.

"It predicted the existence of bacteria and viruses, and the practice of quarantine

"All the days wherein the plague shall be in him he shall be defiled; he is unclean: he shall dwell alone; without the camp shall his habitation be' (Leviticus 13:46). Between 1347 and 1352, some 25 million people, more than one-third of the population of Europe died because of the Black Plague (Bubonic Plague). Many lives could have been saved had they known of this one verse of the Bible —the practice of quarantine to combat communicable diseases."

This is but a sampling of Wee's comprehensive coverage of the current state of Darwinism. New scientific discoveries have brought layer after layer of doubt on Darwin's theories and on evolution itself. This book lays out in detail these recent developments that powerfully support the Biblical narrative. He shows how the modern expansion of knowledge increasingly validates the accuracy of the Bible rather than proving that it is myth or legends.

You never know which seed will sprout...

Jesus taught us to spread the good seed of the Gospel into the field of the world, but we don't know which seeds will sprout.

So, we sow, and we hope. Some water, and yet others reap.

Chick Publications still gets letters, emails and phone calls from grateful people who found the Lord because someone was faithful to sow.

So let's remain faithful, and creative. There are so many ways to share a tract. And if it's a Chick tract, you know ***it's going to get read.***

Where will **you** sow today?

been in the public spotlight due to pedophilia amongst its priests, the Watchtower Society has also been dealing with the same issue —exposed by national and local news outlets. And now, lawsuits against the Watchtower Society are taking a financial toll against the organization. From sales of Watchtower real estate to court-ordered judgments, changes within the Watchtower organization are moving at an unprecedented rate.

But the biggest threat to the Watchtower organization is the internet. Witnesses are strongly discouraged from reading online articles critical of the movement; however, there are those who still read well-researched articles and decide to leave the organization.

Today, Witnesses by the tens of thousands are disillusioned. If the Watchtower organization were to collapse, where would that put over 8 million Jehovah's Witnesses? They would have no spiritual direction without the organization.

Soul winner, where does that put you?

There is still a need to witness to the Jehovah's Witnesses; and that need is growing every day! They may be in your family. You may have co-workers, friends, neighbors who are Jehovah's Witnesses. It's not enough to learn about

idol. The word "unity" appeared in another statement of purpose.

The Satanic Temple (TST) claims to be a humanist organization, headquartered in Salem, Massachusetts. This is not the first such display in the Illinois capital. In 2019, TST installed one titled "Knowledge is the Greatest Gift," featuring the serpent deceiving Eve in the garden of Eden.

TST has tried other ploys, including an attempt to install a statue of Baphomet in Arkansas, but is best known for its attempt to sneak abortion into a religious exemption to the Texas anti-abortion law.

the Witnesses. We need to be trained how to help them escape the Watchtower and come into a loving relationship with Jesus. Here are a few steps to get you started:

Ask the Witness if Jehovah recognizes the Watchtower organization as being a true prophet. (The answer will be yes.)

Ask the Witness if the Watchtower is inspired by God just as the Bible was. (The answer will be no).

The point is that the Watchtower organization is an uninspired "true" prophet —which makes no sense. It can't be reconciled. This is the first step in recognizing that the Watchtower organization, as their source of authority, is not of God.

More detailed training can be found in *Winning the Witnesses*, published by Chick Publications. It is my prayer that you train and reach out to these precious people —who are now in a greater need of the Lord Jesus than ever before. But with the crumbling of the Watchtower organization, some will be more open to the truth.

Chick Publications also publishes a tract, *War Games*, that provides a gentle, but relevant narrative of a witnessing situation with a Jehovah's Witness who might come to your door.

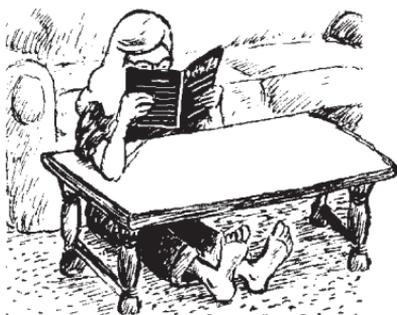

The argument was that they had developed a religious ritual in their worship, a part of which included an actual abortion.

Their claim was that because all religious rituals are guaranteed by the constitution, this permitted abortion under any circumstances, as long as it was performed during the verbal mumbo-jumbo of their ritual ceremony.

This is another display of Satan's word games. Given his basic motive to "steal, and to kill, and to destroy," (John 10:10), the TST's use of "harmony," "reconciliation," and "unity," must have entirely

From a reader's review:

“I love this book. The Bible-believing author has done his research and investigations into the scientific and creationary aspects very well. He has **great information** as well as graphic images related to the subject matter at hand: namely, showing that the rational thinking Christian is correct and the professing atheists and Darwinists and other anti-God and anti-Bible folks are wrong. He

gives generous but **easy-to-read-and-understand data** on molecular machines such as proteins, enzymes, ribosomes, DNA, RNA, and how living things are chock-full of specific information-rich intelligence that God programmed into them. There is no way for these things to have come about without the God of the Bible being the Great Programmer, Engineer, and Creator.”

different connotations. Satan would love to “harmonize” mankind’s rebellion against God. “Reconciliation” has got to be everybody joining together and worshipping the devil. And “unity” would be achieved if everyone were dead.

Soul winners, this is just additional evidence that we have more work to do.

Chick literature can help. Although Baphomet is emerging in other expressions, it has historically been most

associated with Freemasonry. The tract, *That’s Baphomet* gives some background in the concept of Baphomet as well as its role in Freemasonry. This is backed up by a paperback book, *Should a Christian be a Mason?*, which has an entire chapter on the role of Baphomet in the history of Freemasonry. Both are available at www.chick.com or by calling 909 987 0771.

PARENTS SUE CALIFORNIA SCHOOLS OVER AZTEC PRAYERS

Satan has rather successfully eliminated the Bible (and the God of the Bible), from the government schools. But to fill the God-shaped vacuum in the heart of man, he tried to introduce one of his death cults instead. Parents didn’t buy it.

The January 17th *Christian Post* reports: “The California Department of Education said it’s removing two religious chants to Aztec gods from its ethnic studies curriculum in response to a lawsuit filed by parents.”

The “state-approved Ethnic Studies Model Curriculum” included a module on “Affirmation, Chants, and Energizers” that spelled out prayers to five Aztec deities. The prayers were not just historical or poetic expressions, but “addressed the deities both by name and by their traditional titles, recognized them as sources of power and knowledge, invoked their assistance, and gave thanks to them,” the *Post* said.

Attorney Paul Jonna of the Thomas More Society, who litigated the issue, said: “the curriculum instructed students to chant the prayers for emotional nourishment after a ‘lesson that may be emotionally taxing or even when student engagement may appear to be low.’ The idea was to use them as prayers.”

Satan has pushed the ideology of the “noble savage.” It tries to view the native tribes that inhabited the Western Hemisphere as models of peace and happiness. Their view is that the Europeans came in and abused and even slaughtered these happy people.

Jonna set the record straight. “The human sacrifice, cutting out of human hearts, flaying of victims and wearing their skin, are a matter of historical record, along with sacrifices of war prisoners, and other repulsive acts and ceremonies the Aztecs conducted to honor their deities. Any form of prayer and glorification of these bloodthirsty beings in whose name horrible atrocities were performed is repulsive to any reasonably informed observer.”

There is no doubt that the American native population was not treated well by the “conquistadores.” The early invaders from Europe we’re not interested in the souls of the natives. Their motivation was gold and power. Spiritually, they were part of the counterfeit church that claimed the name of Christian but it was laced with Pagan doctrines and energized by political power, not concern for the Great Commission.

MEDICAL DOCTOR PLEADS FOR REVIVAL

On a recent Epoch news appearance, Dr. Robert Malone, a pioneer in mRNA vaccine technology was asked his opinion on today ills. Instead of speaking from his high technical and medical position, he broadened his approach. He started by urging people to “be kind to each other.” Then he ticked off three deep needs in our culture that are far bigger than the current problems with COVID-19: integrity, dignity, and community.

On the surface, the words seem so commonplace that they need no explanation. Everybody nods in agreement and then we go to the next news item. But for the soul winner who pauses to think about it, we have to admit that this is the heart of our purpose as Bible believers.

INTEGRITY: Synonyms include: reliability, truthfulness, honesty, veracity. The Bible puts it another way: “Righteousness exalteth a nation; but sin is a reproach to any people.” (Proverbs 14:34.)

Over a hundred years ago, American leaders began to legalize sin and move

us away from a culture of righteousness (integrity). Great academies like Harvard, Yale, Columbia, et. al. (originally christian colleges) decided that our Creator was no longer important and traded their biblical heritage for the god of false science.

So, how do we get integrity back? Isaiah’s prescription for Israel: “Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the LORD, and he will have mercy upon him; and to our God, for he will abundantly pardon.” (Isaiah 55:7) If we want to fix our land, every Bible believer must shoulder the Great Commission and preach, in some fashion, forgiveness for sin.

DIGNITY: Basically, “what a man is worth.” Ever since Charles Darwin, the word has gone out that man is just another kind of animal. We are just one more accident in an uncaring universe. “Life is absurd —then you die!” as one disillusioned youngster put it.

I just want to tell you how we appreciate the blessed tracts you provide to the public. I just ordered many of them and hope to reach the teens for Jesus. It’s heartbreaking to see people going to die without Jesus. Thank you and may God bless and protect you all.

I wanted to let you know that I gave my heart to Jesus as a direct result of one

of your cartoons. I was raised in a believing household and got my hands on 1 of your tracts when I was 5 and read the story and said the prayer and went downstairs all excited to tell my mom what had just happened. That was 41 years ago. Thank you for your servant heart as a company and for letting the Holy Spirit guide. God definitely uses these tracts to save souls.

AZTEC *From p.6*

Unfortunately, a major part of the Western Hemisphere was eventually settled up by those who were under the domination of the Roman Catholic priests and power-hungry European monarchs. And the countries in Latin and South America have been awash in waves of political and spiritual unrest for centuries. Only in recent decades have millions escaped the clutches of the Vatican and found peace and joy in the blossoming of Bible-believing churches there.

But fortunately, the United States avoided this spiritual and political trap. The Bible believers who came into New England made friends with the natives and taught them the Bible and many of them learned English. Our modern Thanksgiving Day ceremonies often portray the cooperation and goodwill

MEDICAL *From p.7*

The truth necessary to counter this lie can be complex. But in the last 50 years, God has brought to the surface, through legitimate science, overwhelming facts about His incredible creation. For example, the blueprint information in the DNA molecule can only have come from a high order of intelligence. They have discovered that our “little blue planet” is so perfectly fine-tuned for life, that the likelihood of other civilizations in our cosmos is beyond remote.

Any conclusion other than that man’s worth is bound up in the purpose of a caring Creator, is hopelessly naive.

The most familiar of scriptures testifies to this: “For God so loved the world, that he gave his only begotten son, that whosoever believeth in him should not perish, but have everlasting life.” (John 3:16) That beloved “world” is not just a cold space rock, but the teeming billions inhabiting it.

between the pilgrims and the native peoples.

The removal of these Aztec prayers from the California school curriculum is only a very, very small part of the iceberg of evil that has been sold to more than one generation by our now godless schools.

We must stand against this evil by saturating our neighborhoods with God’s word. But, as we become increasingly enamored with the communication opportunities of modern social media, we must not forget the tried and true, the printed word that can go where no other can go.

We pray for an old-fashioned revival but we should not ignore the fact that old-fashioned gospel tracts were a significant factor in the success of those great awakenings.

COMMUNITY: Dr. Malone’s third criteria is also obvious from both “nature” and scripture. God Himself is basically a community of three: Father, Son, and Holy Spirit. Together, they created the first family with the ability to multiply. Families grew into tribes and later the church was birthed.

Today, we can still rely on the goodness of the unity of the Creator, our own families, and the church fellowship.

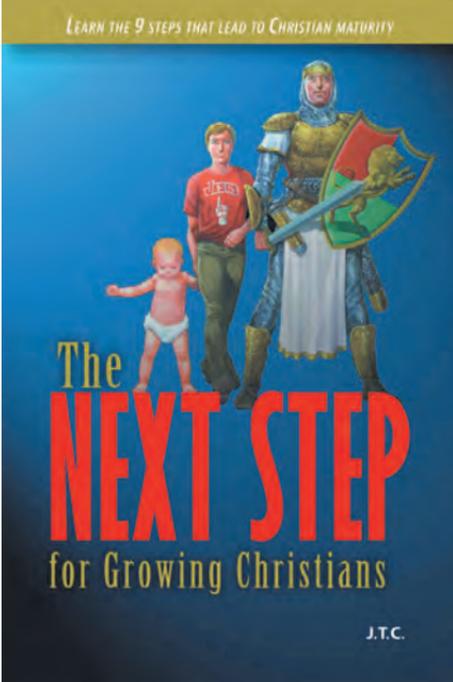

Dr. Malone is really calling on the Bible believers to step up. Using different words, he pled for God’s people to bring the cultural correction so desperately needed.

Chick tracts have always carried the scriptural solution to personal sin and declared God’s plan for the thriving of His beloved creatures. And the testimonies over the years from readers are proof that God’s word gets the job done.

Soul winners, we have lots of work to do!

MISSIONS OUTREACH FOR MEXICO (AND BEYOND)

Tom Sloan, a third-generation missionary to Mexico, has asked us to join him in making a big push for the gospel in Chiapas, Mexico. This is the area we read about with gun battles between towns, wanton kidnapping, innocent citizens being hit by stray bullets and people being terrorized. Sloan operates Compassion Broadcasting (CBI), a network of radio stations devoted to preaching the gospel. He wants to combine that ministry with mass tract distribution to bring more of these people to Jesus.

“We have seen many people come to church, and thus, believe on Christ, because they received a Chick tract.”

MISSIONS REPORT *From p.10*

Tracts combined with radio can be more than the sum of the parts. Add in a local church with a burden to reach people for Jesus, and you've got an effective combination! Sloan works with a network of churches, some of which he helped plant himself, that are waiting to spread Chick tracts. Sloan has asked for 2 million Chick tracts to make a big impact for Jesus in this violence-torn area and in Peru.

Tom Sloan (second from right) and CBI broadcasting team

He describes his plan here: "Each of our radio stations is under the ministry of a local church and pastor. The tracts will be used to evangelize, and make people more aware of our radio stations. When anyone receives a Chick tract, they can tune into our radio stations to learn more about the gospel after reading the tract. Working in harmony with the radio stations, the Chick tracts will be a sort of 'ice-breaker', if you will.

Sloan writes, "We have found that people read Chick tracts. We have seen many people come to church, and thus, believe on Christ, because they received a Chick tract. It is interesting to watch how, after a person on the street receives a Chick tract, they stop and immediately read through the whole tract, and then come back and begin asking questions."

Tom Sloan preaching on the radio

Here is the plan:

We will work with Hands Across The Border (HATB), a missions agency that specializes in clearing customs and bringing Bibles and tracts to many Mexican churches throughout the country. Gary Schwer of HATB, operating out of San Ignacio, Mexico, has a truck and big trailer that he loads up with Bibles and tracts. Churches all along his route look forward to his arrival and are anxious to receive tracts and put them to work.

HATB is very careful about the churches they work with. They make sure they are true born-again believers, and also that the tracts do not sit around. They must be distributed immediately. He told us by phone that the Chick tracts are in high demand among the believers there for evangelism. They go like hotcakes into people's hands and make a difference. To learn more about HATB, watch Gary Schwer describe this ministry on video here:

<https://youtu.be/j2N2-jBaF8M>

We are doing this project in stages. We have already started, trusting that the Lord will provide the funds to finish!

Stage 1: 490,000 tracts for use in Hidalgo and Chiapas, the southernmost state in Mexico. Sloan operates eight radio stations in the area. We will print radio station information on many of the tracts. Interested people can easily tune in and learn more. - **Already Shipped**

Stage 2: 40,000 tracts to be used in partnership with 2 radio stations Sloan is now operating in Peru. - **Already Shipped**

Stage 3: 1-1/2 million tracts will be distributed up and down Mexico, with many taken into Guatemala, Honduras, Nicaragua and El Salvador. Sloan also wrote: "In Mexico, a portion of the tracts will be sent to Culiacan, among the communities that fabricate illegal drugs destined for the USA. So, maybe we can help with damage control there, and in the process, see some souls saved."

Funds have already been received for the first million of these tracts. Will you help us finish?

THAILAND/BURMA

Missionary Pat Caspary received 20,000 Thai and Burmese tracts for use along the Thai/Burma border. Refugees there live in desperate conditions. Chick tracts are included in packages of rice and other needs to help them survive. They need Jesus!

The children in the photo below are at an orphanage/children's home on the border of Burma & Thailand, and are often Burmese children who have been left behind as people fled the violence or died from opium.

The children are all taught the gospel, and they do outreaches with the kids all taking part.

PHILIPPINES

Many outreaches continue here, with the Mission Fund sending hundreds of thousands of tracts. Pastors of small churches all over the islands are taking them to the streets, the homes and businesses to spread the gospel. Missionary Bruce Hunsaker, whose number is printed on many of the tracts, reports getting many phone calls from people with questions about the gospel. It's working!

SCOTLAND

Missionary Jim Van Voltenberg just received 15,000 Chick tracts. The United Kingdom is the birthplace of our King James Bible, but now it is spiritually dark.

GERMANY

Missionary Richard Weimer received 22,000 Chick tracts for a street outreach. Working with Brian Green of Seed For the Cities they will spread these in Leipzig, the “Gothic Capital of the World.”

NETHERLANDS

Missionary Eric Kreh is finding that people are amazingly receptive to Chick tracts with their gospel message in the north of this European country. The Mission Fund just sent him 10,000 more.

ISRAEL

A large shipment of Hebrew and Hebrew/English tracts arrived just as this report was written. When you pray for the peace of Jerusalem, don't forget to pray for the hearts of God's chosen people.

UKRAINIAN REFUGEES

We were grateful to be able to immediately respond to emergency requests from missionaries in Europe for thousands of Ukrainian tracts for these people fleeing the violence in their country.

Does she stand a chance?

If someone gave her a gospel tract, she does.

Anyone who has read a gospel tract knows what to do at death's door. They need only a moment to cry out “God forgive me!” They'll know Jesus died for their sins and they only need to believe on Him.

But what if they have never read the gospel? What if they don't know what to do? Then they have no chance at all.

Give someone a chance **today**. If they have read a Chick tract, when their time comes, they will know what to do.

Brothers and Sisters in Christ:

The Devil Never Leaves a Vacuum

Prayer was removed from our schools in 1962, and many people didn't bat an eye. "You can't *tell* people how to pray, or who to pray to," they argued. "After all, it's unfair to expect schools to favor Christianity over other world religions." Many bought this lie, and many Christians fell silent.

But the Devil wasn't silent. Whenever God is taken out of something, it's not a vacuum for long. Satan was ready with a new religion: secular humanism. It taught atheism, that there is *no God*. So faith *in* God was replaced by trusting "anything-but-God." No divine beings allowed.

And Satan didn't stop there.

School books changed. In the name of "multi-cultural studies," some students were *instructed* to pray a prayer to Allah, the false god of the Muslims. And this was a prayer to become a Muslim! The Devil never takes a break. He is always busy, undermining salvation by faith in the shed blood of the Lord Jesus Christ, sticking false gods in His place.

Now in "ethnic studies," school children are *instructed* to pray to ancient Aztec gods, asking for help, thanking and getting to "invoke their assistance," and "chant for emotional nourishment." Again, students are *instructed* to do this. "You can't tell people to pray, or who to pray to," was a lie. They just didn't like that it was to the true God of the Bible.

Brothers and Sisters, we cannot sit idly by and let the Devil continue to get a cloven foothold into our children and society. Let's saturate the world with Chick tracts, while we have time. We need to counter the lies of the Devil with the truth of the gospel.

Planting seeds with gospel tracts has a proven fruit: the salvation of souls. Let's "exhort one another daily, while it is called To day" (Hebrews 3:13). God willing, many of those seeds will sprout in grateful, newly-saved Christians.
